Pantai Timur Street, Number 8 Medan

I am a student majoring in informatics at the Del Institute of Technology who has a great interest in a career in the IT world. I have an interest in the fields of IT Quality Assurance, Front-end developer and UI/UX Designer. I am someone who likes to learn new things to improve my skills. I also have a disciplined personality, able to remain calm in stressful situations and able to deal with pressure, able to interact and establish good relationships with other people. I am ready to work in a team and learn new things about technology and tools.
